

Parents and Families,

Here is a list of different websites that can keep your student academically involved and provide learning support.

We hope students will read for at least 30 minutes a day. Many books are available online or on virtual libraries. We also ask that students will participate in math activities which are accessible online. Students are currently in Module 4 lesson 35. This link page is very helpful for student review and math practice.

The following is a link to Eureka math teach virtual lessons:

https://www.youtube.com/channel/UCMb3b2_-4jDpi2Mvac_pAMA

The following are learning websites which are accessible via Galt Symbaloo student page:

Edgenuity Math

Mobymax (fluency practice)

Edgenuity Language Arts

LEXIA

CODE

Typing club

Khan Academy

Britannica

Benchmark (all books are available to students with access)

Thank you for your support and commitment to our students' learning as we continue to work together during this challenging time. Please feel free to email with any questions or concerns.

Best Regards,

Katherine LaQuay

Harold Moore
